

DEAR FRIENDS,

Thought I would try something different and send you a list of businesses that I recommend. I have used all of these companies either at my house or for clients and have been very pleased with them. Please feel free to call me if you have questions about the Real Estate market. The National Media has probably contradicted everything I would tell you about the Alaska Market. We are slow and much is selling at 2005&6 prices, but we are plugging along and I don't see much change for a couple of years.

-Peggy
